Essay

Books , movies , magazines , music , and most of all , life . We all know what s wrong , and what ' s right . Every school is different . Some schools have limits on their books , such as if you ' re two years old , and reading something like @ P E R S O N 1 , then that ' s gonna be inappropriate . If you ' re sixteen and reading a @ P E R S O N 2 book , then that ' s too inappropriate for their age limit . Every age is different , so your not going to find some forty - three year old ho bo on the streets reading , ' @ C A P S 1 @ C A P S 2 @ C A P S 1 ' by @ P E R S O N 2 . Most likely , he ' ll be reading a mystery book , or something appropriate for his age not for someone that ' s five . Books shouldn ' t be banned because some elementary mother doesn ' t want her seven year old reading ' @ C A P S 4 ' . Just because some mothers want it banned , doesn ' t mean it should be . Be smart er and watch what your kids are reading , it shouldn ' t have to be banned from other children just because you don ' t want your kid reading it . Don ' t we all agree that music is life ? Not everyone has to listen to rap , nor do they have to listen to opera . Don ' t you see that we have musical artist in the world that depend on music ? So why should rap be banned just because it talks about killing , drugs , and drinking . I say who cares ? Don ' t listen to it if you don ' t like it , it doesn ' t mean you have to ruin it for everyone else . I love all kinds of music , so nothing should be banned . In my opinion I hate ch rist ian songs , I think they ' re too slow , and constantly talking about @ C A P S 5 , but that doesn ' t mean I should ruin it for everyone else , just because I hate it . Everyone is different , no one is the same . Music helps me gets through life , and I know it helps you get through yours too , it shouldn ' t be banned . Movies , movies , movies ! Video games , video games , video games ! We all love cu ddling and watching movies together , but not all movies are right for us . Movies have ratings like video games do . Rat
