Essay

Patient is when you are tolerant and understanding. Many people @CAPS4?t have patience, while others do. I am sort of in the middle, but here?s a time I had to be very patient. It was a bright and sunny @DATE2 @TIME1. The sun was shining like there?s no tomorrow. To bad I couldn?t play outside. I was to busy kicking back, eating popcorn, and watching a big event. It could give me bragging rights I figure I need some hope and patience..? @CAPS1? ,my brother yelled all happy and in my face. ? @CAPS2 @CAPS2 loser , lions are winning and steelers are loosing ?he added. ?@CAPS4?t get to happy , there?s still plenty of time left.? I replied, with a worried look on my face. I was afraid that I ?d loose, but taking deep brother in and out, I was very patient. The clock winding down. It was the being of the @DATE1. The score was @NUM1 to @NUM2, lions lead. I was still a bit worried, but I never lost hope. As the game was coming to an end, the @DATE1 back I for the steepless made an awsorde pass and @CAPS1 I screamed dancing and jumping around. I told my brother, ?who is the loser now, huh?? wow all it took was patient, and hope? I told myself. Patient can mean a lot. Not only did I learn that me and my brother can get a little competitive but if you just wait and tolerate what?s happening around you, you?ll end up getting rewarded!.
