Essay

The author uses this paragraph to conclude to show she's going to give the test another try as well as her new surroundings. For example the story says Almost reluctantly, she realized that many of the things that she had thought of as strange before had become, through the quiet repetition of season upon, almost familiar to her now. Saying that she is getting used to where she is now and wants and is willing to give it a chance. Almost as if she doesn't find it that bad as she thought at first it being different and not her home and where she was used to being.
