Prompt

Tell a true story in which laughter was one element or part.

Essay

The @CAPS1 and Benefits of @CAPS2 is really an important thing in life. Laughter lightens mood and makes you feel more happy. If people laugh more often their days are more happier, lighter and much more shorter. Little children are the ones who laugh more often. Making adults laugh is not very easy because they are more serious. There are a lot of stories that laughter is the important element. Laughter can connect with many other nice elements, such as being glad or happy. I have once read a story about a little girl named @CAPS3 who liked to make people glad. And through gladness, people were made to laugh more often. And through laughter, the sick people became healthier and stopped being sick. Laughter consists of many different factors. For example, being glad leads to laughing more, being happy, and of course smiling more. When you are felling down and some stranger for example smiles to you, you feel happier and maybe your mood is going to lighten. The morning dawned to be gray and rainy. The people of the household woke up irritable and grumpy. Everything was going up-side down. No one was smiling. The breakfast was a very monotonous one, because no one felt like talking. It seemed that the day is going to end like this. @CAPS4 was also very grumpy this day. She didn't want to go to school at all. She was mad at everyone and everything. She was mad at rain. Rain was her worst enemy because then she couldn't go out for a walk with her friends. She was mad at her maid because she has forgotten to fill her pitcher with warm water, as she always did. She was mad at her little sister for taking her blue hair ribbons. To tell the truth, she was mad at everyone, and she has not even thought that if she had been more happier today, then everything will seem okay. Well, so, she still had to go to school, wanted she or not. At school, the little teacher was merry as usual. She wasn't a bit grumpy, even if i...
